- Home electrification
- All your other great green ideas...

*The comparison rate is ASIC's standard for comparing loans of $30K over 5 years. If your loan amount is not $30K over 5 years, the comparison rate may not accurately reflect the effective interest rate. For example, the comparison rate for $80K over 10 years is 6.85%. **WARNING**: Costs such as redraw fees or early repayment fees, and cost savings such as fee waivers, are not included in the comparison rate but may influence the cost of the loan. Rates current as at July 2024. **Parker Lane is a registered trademark of Upside Downside Pty Ltd, Australia Credit License Number 482276.**

The (nearly) 5-star finance company

Ron D (QLD)

Best loan available

We recently applied for a Green loan and our experience was nothing but positive.

John C (NSW)

Great experience!

The team kept me updated through the process and were willing to assist outside of hours.

Jeannette S (WA)

Couldn't fault them!

Couldn't be happier... Hands-down the best finance-related experience I've ever had.
